WILLARD MIDDLE SCHOOL

Our school symbol is the phoenix because it's precisely what we do as a community: rise above our challenging journey and celebrate our high distinctions. Named after famous women's rights activist, Frances E. Willard, our school opened its doors as the country's first junior high school in 1906 and became a middle school in 1994. We are mentioned as a model school in the book, *Caught in the Middle*, and earned the title of a California Distinguished School in 1996. A hard-working, dedicated staff ensures that Willard's curriculum is diverse and high-quality and that our school remains a worthy participant in State Demonstration School, Healthy Start, and other dynamic programs. Willard is a place of friendship, where students are encouraged to befriend both their education and each other.

The '97-'98 school year has been a wonderful year, yet Willard Middle School has experienced many losses. One loss is that our principal, Ms. Lim, has temporarily and perhaps permanently taken the position of Interim Associate Superintendent of Instructional Services for the Berkeley Unified School District. Though we are sorrowful as she leaves, we all hope the best for her.

We also regret to see Ms. Leary leave our school as she retires. She has spent a dedicated three years at Willard, a fitting finale to twenty-eight years of teaching in Berkeley. We hope that she enjoys her newly found free time, as she sails and relaxes.

Those who knew Willard's retired history teacher, Mr. Slater, grieved when he passed away last November. He was a friendly man who welcomed many of Willard's present teachers into our school and acted as a mentor to them. Mr. Slater taught a total of *forty-four* years, thirty-four of them at Willard! He helped change the Willard community, and in some way, affected everyone in it. With a heaviness of heart, we acknowledge his passing on.

Ms. Lim
Principal, Fall Semester
Interim Associate Superintendent of Instructional Services, Spring Semester

Willard is privileged to have grown from the energy and dedication of Ms. Lim. She leads the staff in innovation and making strides towards change and progress. Over her thirteen years at Willard, she has provided training in the latest methodology and shared information about current educational research.

Ms. Lim has two children, one cat, and two dogs. Her dream is to travel the world in a hot air balloon in 182 days. Ms. Lim cherishes the birth of both her children, becoming the principal at Willard and Columbus schools, and earning her Doctorate in School Administration.

Mr. Nakamura
Co-Principal

Mr. Nakamura is plant supervisor and performs both advising and discipline for half the school. In addition to many other assigned responsibilities, he enjoyed his fifteenth year as coach for the champion Berkeley High School Women's Basketball Team. Last year, he was named Coach of the Year in the 200-school Northern California League and was honored at the Willard Academy Awards. Mr. Nakamura's patient and helpful nature is an enormous asset to our school.

Ms. Davis-Glover
Co-Principal

Ms. Davis performs both advising and discipline for half of the student body. She oversees grade reports, attendance, various bookkeeping, and a multitude of other "above-and-beyond" responsibilities. She loves to spend her summers in Seattle, attend her favorite Broadway shows (especially *Phantom of the Opera*!), and listen to music. Ms. Davis is devoted to Willard students and is appreciated for her wisdom and experience.

Ms. Hiyakumoto
Vice-Principal

Ms. Hiyakumoto is widely admired by students and staff. She undertakes a huge number of responsibilities for our school, including coordinating special and support programs such as GATE, UCO/MESA, CRP, and the Homework Improvement Program after school. She meets regularly with each department chair and supervises tutors. Ms. Hiyakumoto works closely with the co-principals to ensure events like Net Day and graduation are smooth and successful.

Homerooms

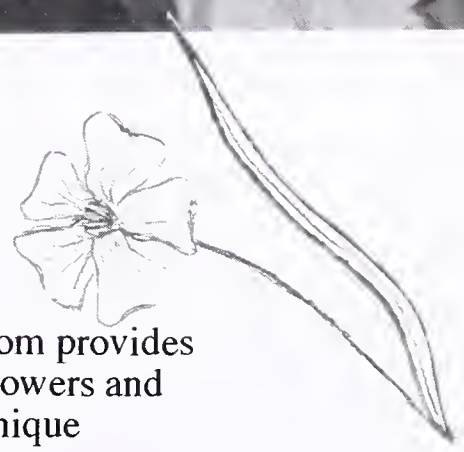
Homeroom is among the favorite classes of most Willard students. It lasts only thirty-five minutes and is an elective which can be changed every twelve weeks. Many students appreciate it because it is a refreshing break from strictly academic classes like math and English. There were over thirty homerooms offered this year, all satisfying the diverse interests of the Willard student body. They ranged from study hall to gardening, theater workshop to entrepreneurship and orchestra. Some students even chose writing for the Uptown News, our school newspaper. The homerooms this year were fun, interesting, and enjoyable for Willard students.

Computer
The Computer homeroom helps students to improve their computer literacy skills as we become a more technologicaly advanced society. It is just one of the many ways that Willard helps to provide students with needed skills for their future.

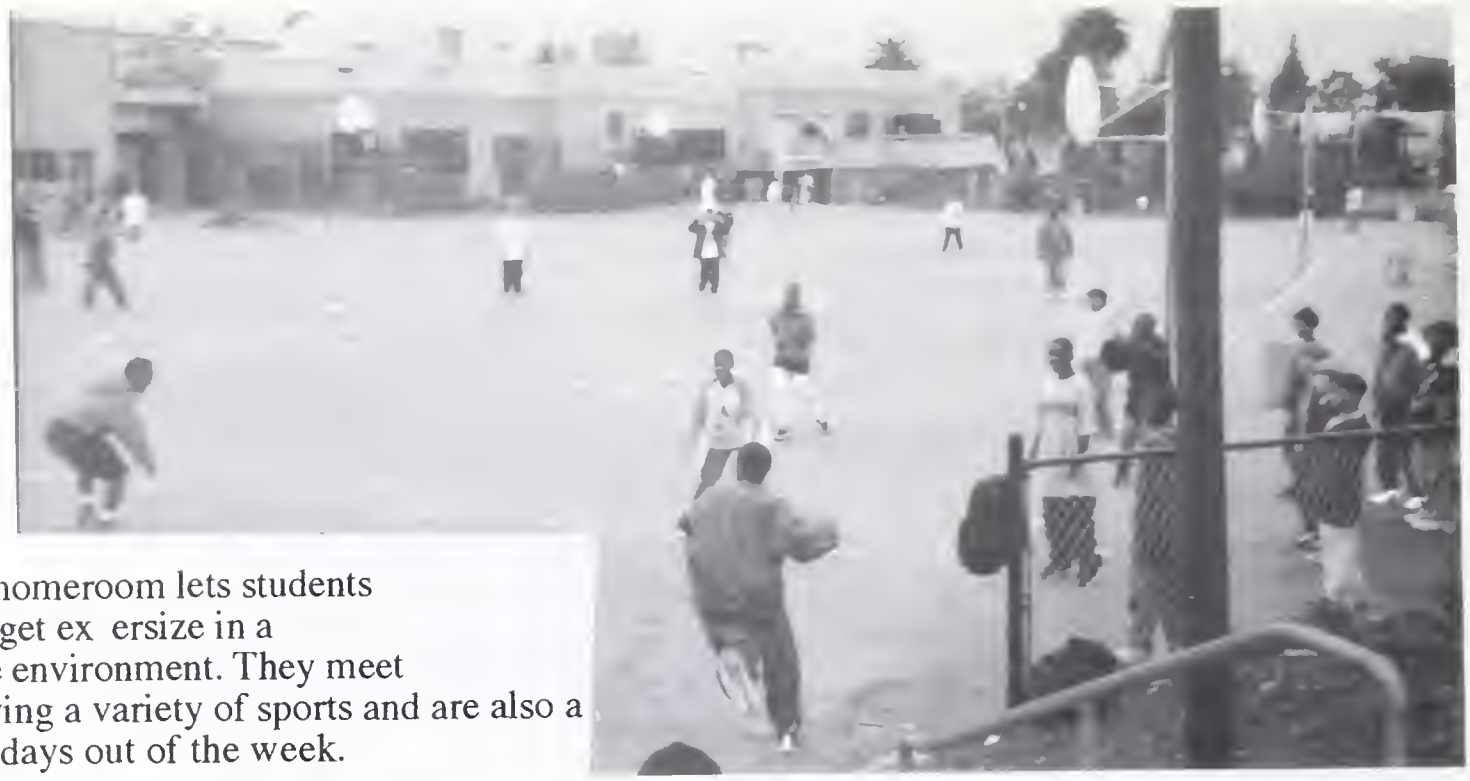
English Academy
The English Academy homeroom is a place where student can improve their writing skills and work on assignments for their English classes.

Entrepreneurship
Throughout the year the entrepeneurship homeroom has provided Willard with an alternate variety of food. Their cart can be seen in the halls selling inexpensive snacks to students and staff during homeroom.

Fitness Lab
In this homeroom students lift weights to improve their strength and health. Student are taught how to correctly use the machines to get the best physical results safely.

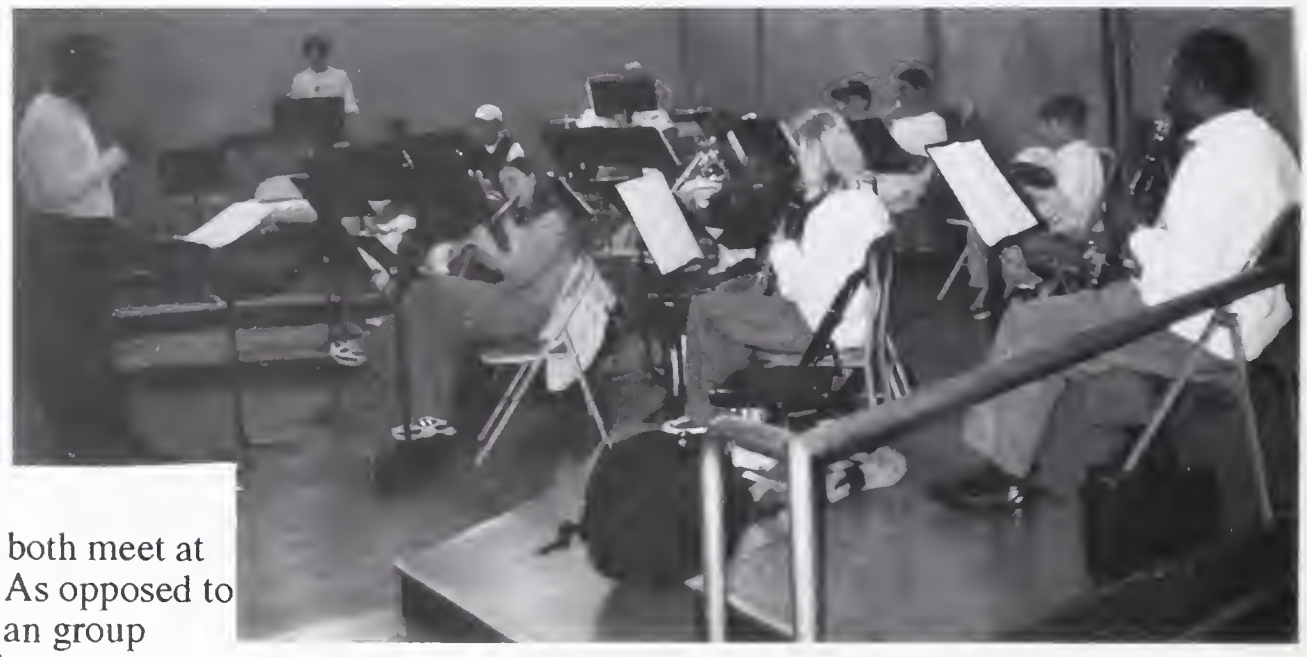


Gardening
The gardening homeroom provides Willard campus with flowers and greenery as well as a unique expierience for students.



Intramural
The Intramural homeroom lets students play games and get ex ersize in a non-competitive environment. They meet on the field playing a variety of sports and are also a studyhall a few days out of the week.

Theater Workshop
Plays such as "Romeo and Juliet" are performed with a refreshing twist by the students of this school. The students meet during homeroom in Theater Workshop to practice their perfomances and improve their acting skills.



Orchestra & Band
The orchestra and band both meet at Willard to play music. As opposed to playing alone, being in an group provides a diversity of instruments and sound.

SOUTHEAST ASIAN CLUB

Many Thanks to Josh Grassel, Andrew Gruen, and Sam Leavitt!

MECHA

¡Bueno! Nosotros somos MECHA. MECHA es un club donde apredemos de nuestros antepasados los Mayas, los Aztecas, y los Incas. Aprendemos de Guatemala, El Salvador, Nicaragua, México, y Sur America y Centro America. También aprendemos de las luchas de Latinos en los Estados Unidos en los años 1930 a 1990.

MECHA es para unir a la gente, no para dividir a la gente o para hacer los enemigos. MECHA no es para peliar de colores o por territorio. MECHA intenta unirnos como una família.

Hello! Well, we're the MECHA Club. MECHA is a club where we learn about our ancestors, the Mayan, Aztecs, and Incas. We learn about Guatemala, El Salvador, Nicaragua, Mexico, South, and Central America. We learn about the struggle of Latinos in the united States during the 1930s through today. MECHA also teaches us about our people's dances and lifestyles.

MECHA is to bring our people together, to unite people, not to divide people or make them enemies. It is not about fighting about colors or territory. MECHA tries to make everyone one big, happy family!

Chicano/Latino Seminar

During the Spring and Fall Semesters, Willard held Chicano/Latino Seminars. In the Spring Seminar, we learned about the tradition of El Día de los Muertos, which is a Latino holiday during which people remember loved ones who have passed away. Several students spoke about people in their lives who had passed one. We also remembered the former King student, Alberto Perez, who was stabbed at East Campus. The most important thing we learned was to accept death as a natural part of life.

For the Fall Seminar, we plan to have people from the community speak to us about their careers, professions, or businesses which they have started. This Career Fair will be an opportunity for Willard students to get together with students from Martin Luther King, Jr. Middle School.

Thank you to Margot Aldebron!

Student Support Programs

RISE
Responsibility Integrity Strength Empowerment

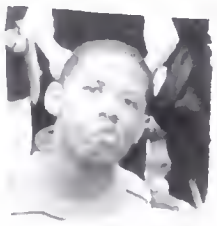
The RISE Program is the Berkeley Community's largest and most comprehensive multicultural youth development initiative. RISE has an active membership of 200 African, Asian, European, Latino, and biracial youth, all from the Berkeley public middle and high schools. They provide the kids with long-term support through an integrated and culturally appropriate array of services and activities, including peer and family counseling, academic support, and leadership developement.

HIP
Homework Improvement Program

HIP is an afterschool tutorial program for students to improve grades and better understand the curriculum in class. It is staffed by tutors from UC Berkeley. In the program, if students don't recieve any F's and a 2.0 or better GPA on their report card, the tutors offer prizes.

UCO MESA
University College Opportunity
and
Math Engineering and Science Achievement

The students in these programs do math and science enrichment activities and recieve homework assistance. Students are encouraged to become interested in pursuing and attending universities.



GATE
Gifted And Talented Education

GATE is an academic talent program. It is run by Ms. Hiyakumoto. Teachers teach classes of different interests. The classes range from "Introduction to Mandarin Chinese" to "Jupiter and Its Moons." Classes are one to three times a week and last for ten to twelve sessions. GATE courses are for kids who have special interests in a certain subject. They are before and after school.

YSP
Youth Support Program

YSP is run by Cynthia Wong and sponsored by UC Berkeley. It started at Willard four years ago. YSP is a type of Big Brother/Big Sister program offering role models for students and helping their social development. The program has about 70 kids and 50 mentors. The mentors and the students get together and do community service. That includes work in Willard's garden. The students and the mentors also have a YMCA Night and study parties. Kirk Hewitt is the founder and the director of YSP.

CRP
College Readiness Program

Students get to work with California State University, Hayward (CSUH) student/faculty and middle school faculty/administrators. The interns work with African American, Chicano/Latino, historically low income, and under-represented Willard Middle School students. CRP helps raise their interest in, and enable the students to qualify for, high school preparatory courses in mathematics and English.

The 8th grade Willard Volleyball Team ended a competitive season this year with a 7-8 record. Head Coach Ms. V. James led the team through 15 games and the end of the season Stanley Tournament. "Towards the end of the year our serve recieve improved a lot." said team leader Lily Schneider. "Our passing got more accurate and we were able to set the ball up. "With practice and motivation the athletes excelled at serving and hitting." Head cheerleader Justin Real remarked, "When do I get a cheerleading uniform?" The Willard team was considered to be a "tough match" said many competing Jr. High teams. The 7th and 6th grade teams had great seasons, the 7th grade team having a11-5 record, and the 6th grade team with a 2-6 record. They were coached by Ms. Olson(7th) and Ms. Ingley(6th).

The football teams did very well this year. The 6th grade team was undefeated, the 7th grade team won 9 games and lost 6, and the 8th grade team won 3 games and lost 6. One player said "The 8th grade football team was like the Raider's this year, because we had the talent, it was just that the coaches and the players did not always get along." The 8th grade team made Willard history by having the first girl on the football team in 3 years. The 6th grade team was coached by Sam Farnsworth and Asim Whitfield. The 7th grade team was coached by Tim Moellering and Matt Millman, and the 8th grade team was coached by Sam Romano.

The Boys Soccer team had a very good season this year, winning 4 of their 8 games. The team consisted of many talents, and the teamwork was good. Everybody improved throughout the season, and coaches Jake Disston and Richard Hourula helped their improvement. Team manager Lily Schneider cheered them on at all the games. The team had a great spirit and the players weren't discouraged when they lost a game. Also, the team did very well considering that there was only one returning player, Andy Turner, who became the team captain this year. Three girls joined the team, helping very much and scoring many points.

The girls soccer team was hecka good this year. The other teams were wussy to play them, so they had one King game, and one game against the Willard boys soccer team. They were league champions, winning their game against KRUSTY King 8 to 0. Coach H-Dog and assistant coach Andy Turner helped the team learn their stuff. The team had only three returning players; Lily Schneider, Tova Perrin, and Annie Borton. There were also many beginners to the game, who became pros by the end of the season.

Girls Basketball

The three girls basketball teams had eventful seasons this year, and all the teams fought hard for victory throughout their games. Everybody was proud of the 6th graders for playing their best. One 8th grade player commented "We had a lot of trouble with losing players(we started the season with fourteen and ended with only seven) and our coach Jose put up with a lot, but by the end of the season we had the bomb "hoota-hoota-hootas", slurpees, and pepperoni and cheese pizza." The seventh grade team tried their hardest.

The boys basketball teams had very exciting seasons. They excelled at all of their practices. The 7B team was led by Justin Real and Matt Roberts. They helped their team of 7th graders greatly. The 8A team tried really hard, winning some of their games. "The team had a lot of great players, but sometimes that's not enough to win games." Said Jacob Breeker. The 6th graders ended up doing very good this year. Ted Boggs said his team was "wicked awesome!"

Wrestling

At the beginning of the season, one wrestler said "This year the wrestling team is having the best start ever." Their team went undefeated this year. Their team also included two girls. This year the wrestling team was large, consisting of 17 people.The players improved throughout the season,with the help of coaches Grizzly Brown, Scott Long, and Santiago Rizzo. One wrestler complimented Grizz saying, "He made wrestling fun. "(Which it should be.) The wrestling team almost won the championship this year, they were only one meet away from winning.

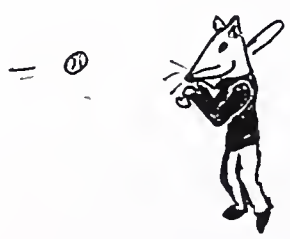
This year the Willard Baseball team was very enthusiastic and optimistic. They practiced hard and played even harder. They had a great start, and a great season. Team member Justin Real said,"We were a darn good team." They were coached by Tim Moellering with assistant coach Sam Farnsworth. They also had a very talented team of players. One player, Joanna Letz, said "We played really hard all throughout the season and had a lot of fun." The Girls Softball team worked hard throughout their season to become the best possible team they could. Although they started off with a bad record, by the end of the season they all felt they had played well. Player Violet Lehrer said,"Our team pulled through with a good season and we all had lots of fun. Home Run Anya also helped us through the season, and at the end of the season we 'ate apple pies'. "



Left to Right: Rebekah Payne, Alani Kelly, Ellen Reed, Jessica Randall, Emily Beckhusen, Yui Nishike, Gianna Combs, Molly McGovern, Violet Lehrer, Anya Pearson, Joanna Letz, Deborah Smith-Ortiz, Naomi Rosenberg. Coaches: Sam Farnsworth, Jason Smith, Adam Mendelson

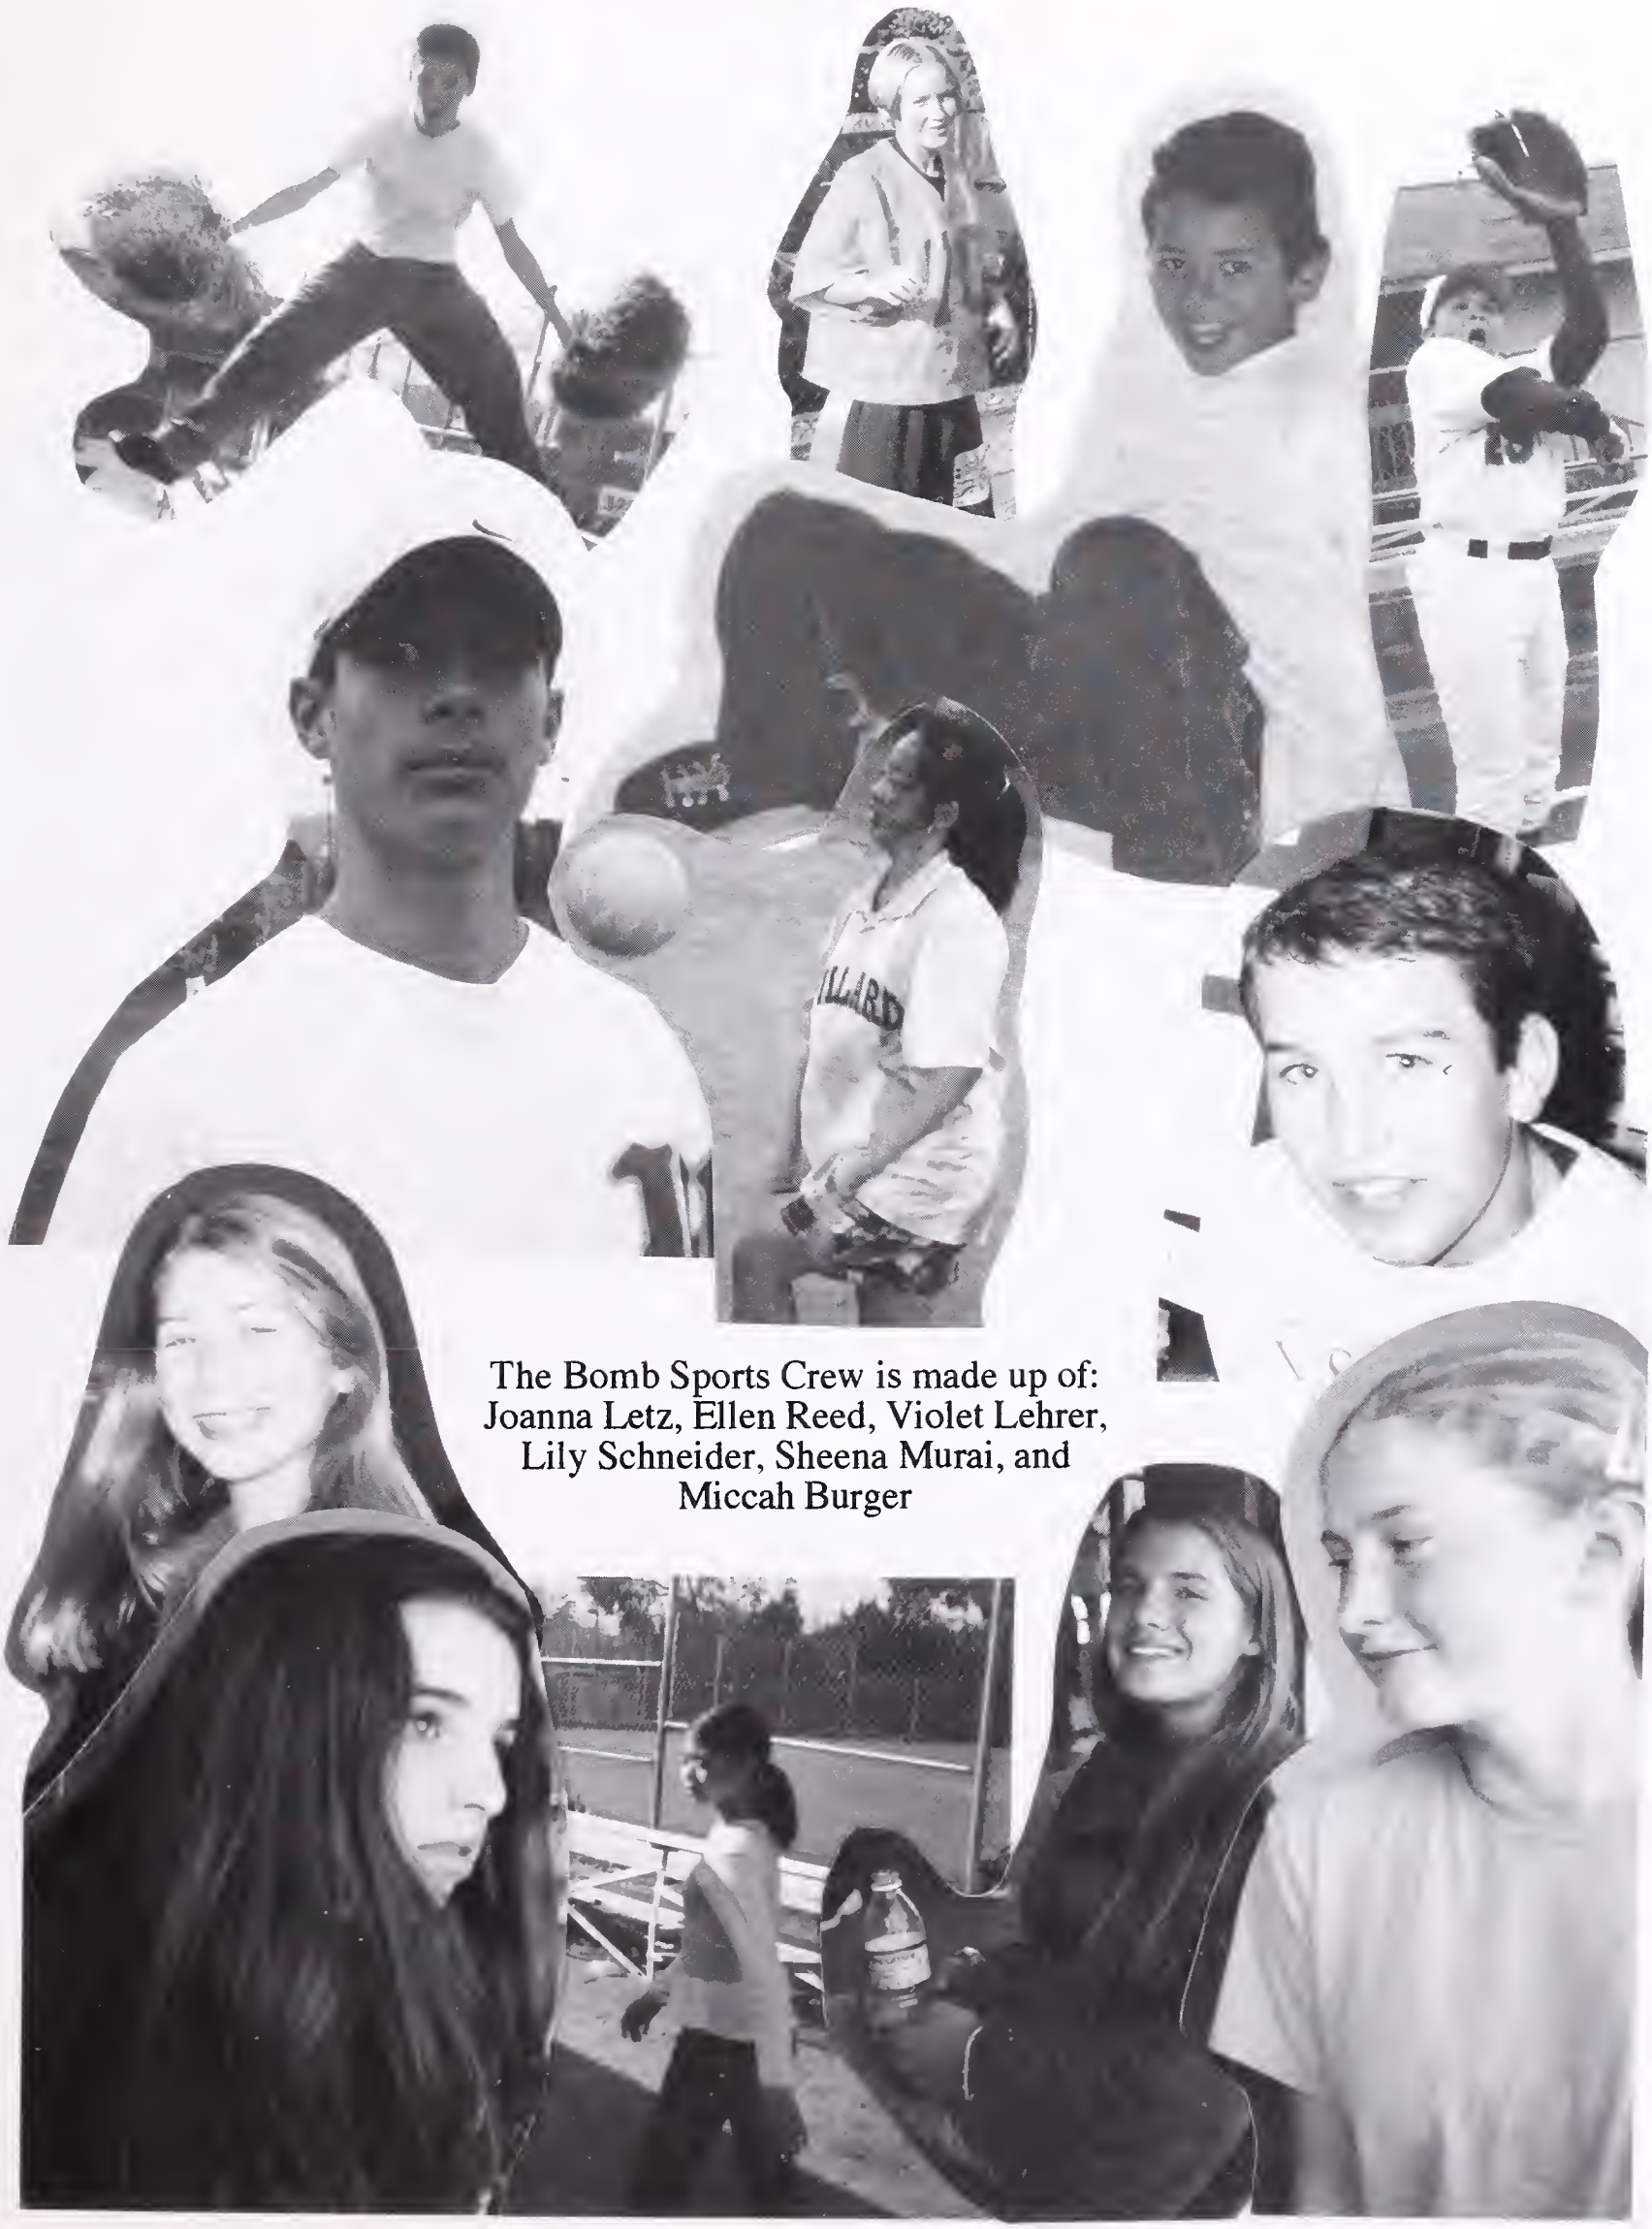
Cheerleading

Left to Right:(Top to Bottom): Lauren Quong, Jessica Randall, Zoe Schmitz, Anais Martinez, Esther Hauser, Jane Rochmes.

The Girls cheerleading team was very enthusiastic, and even though they were small in numbers, they still stood out on the court. Hard practices lead to great cheering and support for the athletic teams. They were coached by Miss Pittman and Bryana Davis. "Cheerleading is the best sport at Willard this year, we really pulled it together," said Anais Martinez. The cheerleaders consisted of Lauren Quong, Anais Martinez, Jane Rochmes, Jessica Randall, Zoe Scmitz, and Esther Hauser. Their cheers led our teams to victory all through the year.

Scotty Davis, Matt Roberts, Marc Bloch, Lucca Mcaleb, JM Duran. Coach: Emily Fredman. Mascot: Lily Schneider.

This is the first ever boys cheerleading team. They are a very enthusiastic bunch of boys. But they are missing Justin Real, who could have been the best cheerleader. They are coached by Emily Friedman, who takes it all very seriously, and their mascot is Lily Schneider, who helps them be the most outgoing group of cheerleaders.



The Bomb Sports Crew is made up of:
Joanna Letz, Ellen Reed, Violet Lehrer,
Lily Schneider, Sheena Murai, and
Miccah Burger
